

Online Extra-provincial Registration System for Corporations and Limited Partnerships from British Columbia, Manitoba, and Saskatchewan

User Reference Guide

Welcome to Alberta's Online Extra-provincial Registration system!

This system allows you to register or update the Alberta Corporate Registry with information about your **British Columbia, Manitoba, or Saskatchewan corporation or limited partnership.**

- To use this system, your business must have an **active registration** with your home province corporate registry.
- If your corporation or limited partnership is from a **different Canadian jurisdiction or another country**, or if your business is an **extra-provincial limited liability partnership or cooperative**, review the Alberta Corporate Registry requirements, fees, and processes described on the Government of Alberta website at <https://www.alberta.ca/incorporate-business-organization> OR <https://www.alberta.ca/register-business-name>

Background

- Registering your out-of-province corporation under Alberta's *Business Corporations Act* removes the need to set up a separate corporation when you want to do business in Alberta.
- Alberta's *Cooperative Act* describes the requirements to register an out-of-province cooperative.
- Alberta's *Partnership Act* set out the requirements to register an out-of-province limited partnership or limited liability partnership.

New West Trade Partnership Agreement

- The New West Trade Partnership Agreement between British Columbia, Alberta, and Saskatchewan came into effect in 2010.
- Manitoba joined the partnership in 2016.
- Among other benefits, this agreement means that a corporation, cooperative, limited partnership, or limited liability partnership formed in one jurisdiction can enjoy fast, no cost extra-provincial registration in any of the other partner provinces.
- Alberta's Online Extra-provincial Registration system is only used to extra-provincially register corporations and limited partnerships from the New West partner provinces.
- Cooperatives and limited liability partnerships from the New West partner provinces apply for extra-provincial registration in Alberta through their home province registry.
- More information is available on the Government of Alberta's website at <https://www.alberta.ca/incorporate-business-organization> OR <https://www.alberta.ca/register-business-name>

1. When you apply for a name reservation, you will be purchasing an Alberta Reservation Report (NUANS report) OR submitting information about a report you have already purchased.

 - c. You need to use an 'assumed name' in Alberta because your corporation's legal name in your home province is identical or too similar to a corporation already in Alberta.
 - d. You want to purchase an Alberta Reservation Report through this system.
 - i. Alberta Corporate Registry will obtain a report on your behalf.
 - The cost is \$13.60.
 - e. You purchased an Alberta Reservation Report from an authorized service provider less than 90 days ago but have not submitted it to Alberta Corporate Registry for review.

3. You **do not** need to complete this step when:
 - a. Your corporation has a 'number name', e.g., 3455345 Manitoba Ltd., assigned by your home province.
 - b. You have changed your corporation's name in your home jurisdiction to a 'number name' assigned by your home province registry.
 - c. You are registering a BC, Saskatchewan, or Manitoba limited partnership.
 - d. You have been notified that Alberta Corporate Registry reviewed and approved your Name Reservation report less than 90 days ago.
